

## PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Richard Edler  
DOCKET NO.: 04-21533.001-C-2 and 04-21533.002-C-2  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Richard Edler, the appellant, by attorney Mitchell L. Klein of Schiller Klein & McElroy, Chicago; and the Cook County Board of Review.

The subject property is improved with a one and part two-story industrial building of masonry construction operated as an industrial warehouse containing 257,226 square feet of building area. The building was constructed in 1960 and 1980 and is located on a 439,489 square foot site in Morton Grove, Niles Township, Cook County.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument the appellant submitted an appraisal estimating the subject property had a market value of \$5,250,000 as of January 1, 2001. The appellant submitted the final decision issued by the Cook County Board of Review established a total assessment for the subject of \$2,100,849, which reflects a market value of approximately \$5,835,692 using the Cook County Real Property Assessment Classification Ordinance level of assessments for class 5B property of 36%. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the subject's appraised value.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

Docket No.	Parcel No.	Land	Improv.	Total
04-21533.001-C-2	10-20-301-013-0000	151,335	94,365	\$245,700
04-21533.002-C-2	10-20-301-031-0000	487,483	1,156,817	\$1,644,300

Subject only to the State multiplier as applicable.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant in this appeal submitted an appraisal estimating the subject property had a market value of \$5,250,000 as of January 1, 2001. The subject's assessment reflects a market value greater than the appraised value presented by the appellant. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

Based on this record the Property Tax Appeal Board finds the subject property had a market value of \$5,250,000 as of January 1, 2004. Since market value has been determined the 36% level of assessment for class 5A property under the Cook County Real Property Assessment Classification Ordinance shall apply. 86 Ill.Admin.Code 1910.50(c)(3).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
